### AN INTRODUCTION

**BSC** is an ISO 9001:2015 Certified IT solution firm since 1999, headquarters in Jaipur. **BSC** has been an IT & software development innovator, providing full-cycle high quality services to its customers nationwide. **BSC** is expert in development, customization and integration of complex enterprise-level solutions offering a well-balanced blend of technology skills, domain knowledge, hands-on experience, effective methodology, and passion for IT.

**BSC** practices include the Back Office solution for Capital, Commodity, Derivative and Currency Exchanges for its Brokers and Sub Brokers, manufacturing industries, retail industry, education, co-operative societies & Government Departments amongst others. Currently, a privately held organization in India, **BSC** is rapidly expanding with its clients and planning to add clients from all over the globe within the next couple of years.

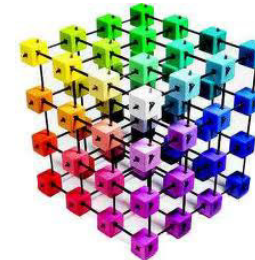

### STRENGTH

**Teamwork** is a joint action by two or more people, in which each person contributes with different skills and expresses his or her individual interests and opinions to the unity and efficiency of the group in order to achieve common goals.

This does not mean that the individual is no longer important; however, it does mean that effective and efficient teamwork goes beyond individual accomplishments. The most effective teamwork is produced when all the individuals involved harmonize their contributions and work towards a common goal.

**Bhushan Systems & Consultants**

### OUR QUALITY

Our Quality Policy starts and ends with the customer as a focal point: understanding the customer's requirements, designing optimal solutions to meet those requirements, building systems and processes in place to ensure quality at every stage, and achieving our commitments on delivery and service before and after sales.

It is our endeavor to create a culture of Total Quality where continuous improvement of our people, our processes, our services and our products become a way of life.

"**BSC** is committed in providing quality services and products to its customers nationwide, meeting and exceeding their requirements at optimum cost, on time every time."

### INTELLIGENCE

**BSC** offers Business Intelligence and IT Services to architect and implement end-to-end solutions that address and satisfy your business intelligence needs. We help design and build the processes and high-performance systems necessary to integrate complex and voluminous data from across the enterprise, making quality, accurate information available to business analysts and decision makers, company-wide. These solutions form the backbone of your high-value business processes, including customer relationship management, business optimization; reporting, marketing, campaign management, and much more.

## Bhushan Systems & Consultants
